

Monday, 13rd September 2021 – **Virtual Networking area**

EU-ISMET WORKSHOP

9:00-9:15 Welcome session

Chair: Narcís Pous

9:15-10:05 W1: Introduction to microbialelectrochemistry: fundamentals and characterization tools. Bernardino Viridis (University of Queensland)

10:10-11:00 W2: On the thermodynamics of electroactive microorganisms
Benjamin Korth (Helmholtz Center for Environmental Research)

11:05-11:55 WP3: How basic biology research can inspire us to innovate in microbial electrochemistry. Sara Tejedor-Sanz (Rice University)

12:00-12:30 Separated meetings for screen-to-screen discussion with workshop speakers

Note: The time zone is UTC+2.
